 Assistant to the President

Dear Dr. Shuster:

Thank you for your letter of 18 May enclosing the copy of the letter you recently sent to Wally Nielsen at the Ford Foundation. I am sorry to hear you are having such a difficult time getting your program under way but I am not at all sure what I can do to assist. If you would like to send a copy of your recommendations to me, I will be glad to have some of our people here look them over and see if we can come up with any ideas that may be useful to you.

With best wishes,

Sincerely,
